PROFILE

Game developer focused on gameplay mechanics, user interfaces and game feel. I care about building modular, maintainable systems that follow OOP and SOLID principles, as well as performance optimization and player experience.

EXPERIENCE

Junior Unity Game Developer · **Bambu Games** Oct 2025 – Oct 2026

- Single-handedly developed the software of 10 multiplayer games end to end for a digital game-table platform.
- Delivered mechanic, animation and visual improvements across more than 30 existing games.
- Designed modular, scalable game systems following OOP and SOLID principles.
- Played an active role in performance optimization, animation systems and game-feel work.
- Took part in team task sharing, testing and iterative development processes.

PROJECTS

Bambu Games (Digital game table, PC)

- **Block Rain**: Tetris-inspired arcade block game for 1–6 players.
- **Basket Go**: Dunk Hit-inspired arcade basketball game for 1–6 players.
- **Carrom Bambu**: Carrom game following official rules, with physics-based aiming and shooting in 1v1 and 2v2 modes.
- **Wing Party**: Team-based (2–6 players) Flappy Bird-style game with power-ups and dynamic difficulty.
- **Pin Pin**: Reflex- and timing-based arcade team game for 2–6 players with progressively harder levels.
- **8 Ball Pool**: 3D billiards simulation with realistic ball collisions and table physics.

University Projects (PC / Web)

- **Soul Land: Escaping Adventure** (Graduation project, 3D isometric action): Game with 10 levels, 14 unique NPCs and a melee and ranged combat system.
- **Anomaly Rocket** (Design project, 2.5D parkour platformer): Platformer with 7 distinct rockets and 10 levels, with difficulty balancing I designed.

EDUCATION

Erciyes University, B.Sc. in Computer Engineering 2020 – 2025

SKILLS

- **Engine & language:** Unity, C#
- **Game development:** Gameplay mechanics, UI development, performance optimization, game feel
- **Architecture:** OOP, SOLID
- **Tools:** Git / GitHub, Trello, Notion
- **Languages:** Turkish (native), English (B1–B2)
